

Mature Adult Cockroach  
Length = 4 cm or 1.6"

**Please Remember!**

Please vacate premise for up to 4 hours following treatment.

**Note:** • The Chemical used is effective for a period of 4 weeks. Do not wash shelves or baseboards for at least four weeks after our service. Put shelf paper on all shelves before replacing contents.

• It is realized that in some cases cockroaches can inhabit personal effects, such as electronics, books, clothes etc. Please note that Apex Pest Control cannot be responsible for handling or treating such items within the home environment. Please assume responsibility to discard or treat these items.

# Preparation for Eliminating Cockroaches

Apex Pest Control Inc. has been contracted to perform pest control services in your apartment. For maximum benefit it is important the following preparation be completed BEFORE work can proceed. It will also be necessary to leave the apartment for up to four hours after our service technicians arrive.

Please note our service technician will arrive on \_\_\_\_\_.

**Please follow the details listed below:**

**Kitchen:**

- Clear your kitchen top and bottom of ALL dishes and food containers or packaging
- Remove old shelf paper. Wash all cabinet surfaces with soap and water.
- Empty and remove kitchen drawers.
- Do not place dishes on kitchen counters

**Closets:**

- Clear all closet floors of shoes, boxes, etc.
- Please note, it is NOT necessary to remove clothing on hangers.

**Pets:**

- Remove ALL pets.
- Cover fish tanks and disconnect filters.

**Furniture:**

- Move ALL furniture away from walls.

**Bathroom:**

- Empty all contents from vanity and shelving.
- Remove drawers from vanity.

**Thank you for your co-operation.**
